Grant Programs Directorate

Homeland Security Preparedness Grant Programs Overview

One of the core missions of the Department of Homeland Security (DHS) is to enhance the ability of state, territory, local and tribal governments to prevent, protect against, respond to and recover from terrorist attacks and other disasters. DHS's comprehensive suite of homeland security preparedness grant programs are an important part of the Administration's larger, coordinated effort to strengthen homeland security preparedness. These programs implement objectives addressed in a series of post-9/11 laws, strategy documents, plans and Homeland Security Presidential Directives (HSPDs).

Together, DHS grant programs may fund a wide range of preparedness activities, to include planning, organization, equipment purchase, training, exercises and grant management and administration costs. These programs support objectives outlined in the National Preparedness Guidelines and related national preparedness doctrine, such as the National Incident Management System, the *National Response Framework* and the *National Infrastructure Protection Plan*.

Following is a summary of the DHS grant programs which are being announced on December 8, 2009. The following pages outline greater details and background information with respect to these programs.

Homeland Security Grant Program (HSGP)

The Homeland Security Grant Program (HSGP) suite consists of five sub-programs, namely the State Homeland Security Program (SHSP), Urban Areas Security Initiative (UASI), Operation Stonegarden (OPSG), Metropolitan Medical Response System (MMRS) and Citizen Corps Program (CCP).

State Homeland Security Program (SHSP)

Total Funding Available in FY 2010: \$842,000,000

Purpose: This core assistance program provides funds to build capabilities at the state and local levels and to implement the goals and objectives included in state homeland security strategies and initiatives in their State Preparedness Report. Consistent with the *Implementing Recommendations of the 9/11 Act of 2007* (Public Law 110-53) (9/11 Act), states are required to ensure that at least 25 percent of SHSP appropriated funds are dedicated towards law enforcement terrorism prevention-oriented planning, organization, training, exercise and equipment activities, including those activities which support the development and operation of fusion centers.

Eligible Applicants: The State Administrative Agency (SAA) is the only entity eligible to apply to FEMA for SHSP funds. Recipients include all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands and the U.S. Virgin Islands.

Awards: Funds will be allocated based on three factors: minimum amounts as legislatively mandated, DHS' risk methodology, and effectiveness.

Program Awards and Funding Minimum: Each state will receive a minimum allocation under SHSP using the thresholds established in the 9/11 Act. All 50 states, the District of Columbia, and the Commonwealth of Puerto Rico will receive 0.36 percent of the total funds allocated for grants under Sections 2003 and 2004 of the *Homeland Security Act of 2002* as amended by the 9/11 Act for SHSP and UASI programs. Four territories (American Samoa, Guam, the Northern Mariana Islands and the U.S. Virgin Islands) will receive a minimum allocation of 0.08 percent of the total funds allocated for grants under Sections 2003 and 2004 of the *Homeland Security Act of 2002* as amended by the 9/11 Act for SHSP and UASI programs.

Grantees may provide an optional cost share; however, an applicant's willingness to contribute an optional cost share will not impact application scores and, thus, allocations.

Urban Areas Security Initiative (UASI) Program

Total Funding Available in FY 2010: \$832,520,000

Purpose: The UASI program focuses on enhancing regional preparedness in major metropolitan areas. The UASI program directly supports the National Priority on expanding regional collaboration in the *National Preparedness Guidelines* and is intended to assist participating jurisdictions in developing integrated regional systems

for prevention, protection, response and recovery. Consistent with the 9/11 Act, states are required to ensure that at least 25 percent of UASI appropriated funds are dedicated towards law enforcement terrorism prevention-oriented planning, organization, training, exercise and equipment activities, including those activities which support the development and operation of fusion centers.

Eligible Applicants: The SAA is the only entity eligible to apply to FEMA for UASI funds. The 64 high risk urban areas eligible for funding under the FY 2010 UASI program are the only areas that may apply.

Program Awards: The ten highest risk urban areas, designated Tier I Urban Areas, will be eligible for \$524,487,600. The remaining 54 urban areas, designated Tier II Urban Areas, will be eligible for \$308,032,400. Funds will be allocated based on DHS' risk methodology and effectiveness.

Grantees may provide an optional cost share; however, an applicant's willingness to contribute an optional cost share will not impact application scores and, thus, allocations.

Operation Stonegarden (OPSG)

Total Funding Available in FY 2010: \$60,000,000

Purpose: The intent of OPSG is to enhance cooperation and coordination among local, state and federal law enforcement agencies in a joint mission to secure the United States borders along routes of ingress from international borders to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders.

Eligible Applicants: Prospective recipients for OPSG include local units of government at the county level and federally-recognized tribal governments in the states bordering Canada (including Alaska), southern states bordering Mexico and states and territories with International water borders.

Program Awards: Funds will be allocated competitively to designated localities within U.S. Border States based on risk analysis and the anticipated feasibility and effectiveness of proposed investments by the applicants.

Metropolitan Medical Response System (MMRS) Program

Total Funding Available in FY 2010: \$39,359,956

Purpose: The MMRS program supports the integration of emergency management, health and medical systems into a coordinated response to mass casualty incidents caused by any hazard. Successful MMRS grantees reduce the consequences of a mass casualty incident during the initial period of a response by having augmented existing local operational response systems before the incident occurs.

Eligible Applicants: The SAA is the only entity eligible to apply to FEMA for MMRS funds. Recipients for the MMRS program include the 124 MMRS jurisdictions.

Program Awards: Each of the 124 MMRS jurisdictions will receive \$317,419 to establish or sustain local capabilities.

Citizen Corps Program (CCP)

Total Funding Available in FY 2010: \$12,480,000

Purpose: The Citizen Corps mission is to bring community and government leaders together to coordinate community involvement in emergency preparedness, planning, mitigation, response and recovery.

Eligible Applicants: The SAA is the only entity eligible to apply to FEMA for CCP funds. Recipients for the CCP include all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands and the U.S. Virgin Islands.

Program Awards and Funding Minimum: CCP allocations are determined using a formula, which specifies that all 50 states, the District of Columbia and the Commonwealth of Puerto Rico will receive a minimum of 0.75 percent of the total available grant funding, and that four territories (American Samoa, Guam, the Northern Mariana Islands and the U.S. Virgin Islands) will receive a minimum of 0.25 percent of the total available grant funding. The balance of CCP funds will be distributed on a population-share basis. In addition to CCP allocations, states and urban areas are encouraged to fully leverage HSGP resources to accomplish the Citizen Corps mission.

Tribal Homeland Security Grant Program (THSGP)

Total Funding Available in FY 2010: up to \$10,000,000

Purpose: To provide supplemental funding to directly eligible tribes to help strengthen the nation against risks associated with potential terrorist attacks. Pursuant to the 9/11 Act, “a directly eligible tribe applying for a grant under section 2004 [SHSP] shall designate an individual to serve as a tribal liaison with [DHS] and other federal, state, local and regional government officials concerning preventing, preparing for, protecting against and responding to acts of terrorism.”

Eligible Applicants: Per the 9/11 Act, a “directly eligible tribe” is defined as —
(A) any Indian tribe—

- (i) that is located in the continental United States;
- (ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;
- (iii)
 - (I) that is located on or near an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters;

- (II) that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 210E(a)(2) or has such a system or asset within its territory;
 - (III) that is located within or contiguous to 1 of the 50 most populous metropolitan statistical areas in the United States; or
 - (IV) the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and
- (iv) that certifies to the Secretary that a state has not provided funds under section 2003 or 2004 to the Indian tribe or consortium of Indian tribes for the purpose for which direct funding is sought; and
- (B) a consortium of Indian tribes, if each tribe satisfies the requirements of subparagraph (A).

In summary, eligible tribes must meet the requirements set forth in (A) (i), and (A) (ii), and (A) (iv). Tribes must also meet one of the requirements set forth in (A) (iii); either (A) (iii) (I), or (A) (iii) (II), or (A) (iii) (III), or (A) (iii) (IV). Finally, (B) may also be satisfied, if each tribe satisfies the requirements of subparagraph (A).

Before writing the Investment Justification, tribes are encouraged to contact the Centralized Scheduling and Information Desk (CSID) to confirm or discuss questions relative to their eligibility. CSID can be reached by phone at (800) 368-6498 or by e-mail at ASKCSID@dhs.gov, Monday through Friday, 8:00 a.m. – 6:00 p.m. (EST).

Program Awards: FY 2010 THSGP funds will be allocated based on two factors: tribal eligibility per the 9/11 Act (pre-determined), and the effectiveness of the applicant's THSGP Investment Justification (as determined through a peer review process).

Grantees may provide an optional cost share; however, an applicant's willingness to contribute an optional cost share will not impact application scores and, thus, allocations.

Nonprofit Security Grant Program (NSGP)

Total Funding Available in FY 2010: \$19,000,000

Purpose: UASI NSGP provides funding support for target-hardening activities to nonprofit organizations that are at high risk of a terrorist attack and are located within one of the specific FY 2010 UASI-eligible urban areas.

Eligible Applicants: Eligible nonprofit organizations (as described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code) that are at high risk of a terrorist attack and are located within one of the specific FY 2010 UASI-eligible urban areas must apply for funding through their State Administrative Agency (SAA).

Program Awards: Funds will be based on risk analysis, effectiveness and integration with broader state and local preparedness efforts.

Grantees may provide an optional cost share; however, an applicant's willingness to contribute an optional cost share will not impact application scores and, thus, allocations.

Emergency Management Performance Grants (EMPG)

Total Funding Available in FY 2010: \$329,799,991

Purpose: The purpose of the FY 2010 EMPG is to assist state and local governments in enhancing and sustaining all-hazards emergency management capabilities.

Applicants: All 56 states and territories, as well as the Republic of the Marshall Islands and the Federated States of Micronesia, are eligible to apply for FY 2010 EMPG funds. Either the State Administrative Agency (SAA) or the state's Emergency Management Agency (EMA) are eligible to apply directly to FEMA for EMPG funds on behalf of state and local emergency management agencies, however only one application will be accepted from each state or territory.

Program Awards: The allocation methodology for FY 2010 EMPG dictates that all 50 states, the District of Columbia and the Commonwealth of Puerto Rico will receive a base amount of 0.75 percent of the total available grant funding. Four territories (American Samoa, Guam, the Northern Mariana Islands and the U.S. Virgin Islands) will receive a base amount of 0.25 percent of the total available grant funding. The balance of EMPG funds will be distributed on a population-share basis. Pursuant to Article X of the Federal Programs and Services Agreement of the Compact of Free Association authorized by Public Law 108-188, funds are available for the Federated States of Micronesia and for the Republic of the Marshall Islands.

EMPG has a 50 percent federal and 50 percent state cost share, cash or in-kind match requirement.

Interoperable Emergency Communications Grant Program (IECGP)

Total Funding Available in FY 2010: \$48,000,000

Purpose: In FY 2010, IECGP provides funding to states, territories and local and tribal governments to carry out initiatives to improve interoperable emergency communications, including communications in collective response to natural disasters, acts of terrorism and other man-made disasters. If a State Administrative Agent (SAA) and Statewide Interoperability Coordinator (SWIC) / SCIP point of contact certify that its state or territory has fulfilled such governance, planning, training and exercise objectives, the Program provides the flexibility to purchase interoperable communications equipment with any remaining IECGP funds.

Eligible Applicants: All 56 states and territories are eligible to apply for IECGP funds.

Program Awards: In FY 2010, the total amount of funds distributed under IECGP will be \$48,000,000. FY 2010 IECGP funds will be allocated based on risk. Each state will

receive a minimum allocation under IECGP using the thresholds established in the 9/11 Act. All 50 states, the District of Columbia, and Puerto Rico will receive a minimum of 0.45 percent of the total funds allocated, per the 9/11 Act. Four territories (American Samoa, the Commonwealth of the Northern Mariana Islands, Guam and the U.S. Virgin Islands) will receive a minimum allocation of 0.08 percent of the total funds allocated.

IECGP has a 75 percent federal and 50 percent state cost share, cash or in-kind match requirement for equipment purchases only.

Regional Catastrophic Preparedness Grant Program (RCPGP)

Total Funding Available in FY 2010: \$33,600,000

Purpose: The purpose of RCPGP is to enhance catastrophic incident preparedness in selected high-risk, high-consequence urban areas and their surrounding regions. RCPGP is intended to support coordination of regional all-hazard planning for catastrophic events, including the development of integrated planning communities, plans, protocols and procedures to manage a catastrophic event. The deliverables from the RCPGP will be made available throughout the country to enhance national resilience.

Eligible Applicants: Eligible entities under FY 2010 RCPGP include the eleven (11) pre-designated high-risk, high-consequence urban areas within the ten (10) RCPGP sites that received funding under RCPGP in the FY 2009 grant cycle. The Governor of each state and territory is required to designate a State Administrative Agency (SAA) to apply for and administer the funds awarded under RCPGP. The SAA is the only entity eligible to apply to FEMA for RCPGP funds.

Program Awards: One non-competitive award will be made to each of the pre-designated eleven (11) high-risk, high consequence urban areas within the ten (10) RCPGP sites, provided their application meets the minimum standards specified for FY 2010.

Emergency Operations Center (EOC) Grant Program

Total Funding Available in FY 2010: \$57,600,000

Purpose: The Emergency Operations Center (EOC) Grant Program is intended to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure and interoperable Emergency Operations Centers (EOCs) with a focus on addressing identified deficiencies and needs. This program provides funding for construction or renovation of a state, local or tribal governments' principal EOC. Fully capable emergency operations facilities at the state and local levels are an essential element of a comprehensive national emergency management system and

are necessary to ensure continuity of operations and continuity of government in major disasters caused by any hazard.

Eligible Applicants: The governor of each state and territory is required to designate a State Administrative Agency (SAA) to apply for and administer the funds awarded under the EOC Grant Program. The SAA is the only eligible entity able to apply for the available funding on behalf of eligible state, local and tribal EOCs.

Program Awards: The FY 2010 EOC Grant Program will provide \$57,600,000 for construction or renovation of a state, local or tribal government's principal EOC. Of this amount, \$47,442,500 in non-competitive funding has been appropriated for congressionally designated EOC projects throughout the nation. The remaining \$10,157,500 shall be allocated competitively to eligible state, local or tribal government's principal EOCs.

Driver's License Security Grant Program (DLSGP)

Total Funding Available in FY 2010: \$48,000,000

Purpose: The FY 2010 DLSGP will provide \$48,000,000 to prevent terrorism, reduce fraud and improve the reliability and accuracy of personal identification documents that states and territories issue. DLSGP is intended to address a key recommendation of the 9/11 Commission to improve the integrity and security of state-issued driver's licenses (DL) and identification cards (ID).

Eligible Applicants: Eligible applicants under the FY 2010 Driver's License Security Grant Program are State Driver's License Agencies (DLA), also known as State Departments of Motor Vehicles (DMV) or Motor Vehicle Administrations (MVA). Other eligible applicants include State Public Safety Agencies or Departments with overall responsibility for drivers' license issuance in the state. These agencies may apply on behalf of the state DMV/MVA.

Program Awards: In FY 2010, all 56 states and territories will receive a base amount with the balance of funds distributed based on the total number of DL/IDs issued in each state. For the purposes of this grant, states are grouped into four categories based upon the number of DL/IDs issued. Final determinations for awards will be based upon applications received as well as the results of a FEMA/GPD and DHS Office of Policy review.

Buffer Zone Protection Program (BZPP)

Total Funding Available in FY 2010: \$48,000,000

Purpose: The BZPP provides funding to increase the preparedness capabilities of jurisdictions responsible for the safety and security of communities surrounding high-priority pre-designated Tier 1 and Tier 2 critical infrastructure and key resource (CIKR) assets, including chemical facilities, financial institutions, nuclear and electric power

plants, dams, stadiums and other high-risk/high-consequence facilities, through allowable planning and equipment acquisition.

Eligible Applicants: The State Administrative Agency (SAA) is the only agency eligible to apply for FY 2010 BZPP funds and is responsible for obligating the funds to the appropriate local units of government or other designated recipients. The SAA must coordinate all BZPP activities with their respective State Homeland Security Advisor (HSA).

Program Awards: All BZPP sites have been selected prior to the grant announcement based on the risk of the individual sites themselves. Therefore, FY 2010 BZPP funding allocated to any given state or territory is entirely a function of the number, type and character of pre-identified higher-risk sites within their respective jurisdictions; there are no discretionary sites.

Freight Rail Security Grant Program (FRSGP)

Total Funding Available in FY 2010: \$15,000,000

Purpose: In FY 2010, the FRSGP will fund freight railroad carriers and owners and offerors of railroad cars to protect critical surface transportation infrastructure from acts of terrorism, major disasters and other emergencies.

Eligible Applicants: Eligible applicants for the FY 2010 FRSGP are determined by DHS as Class I, II and III freight railroad carriers that transport Rail Security-Sensitive Materials (RSSM) and owners and offerors of railroad cars that transport toxic inhalation hazardous (TIH) materials. For purposes of this grant program, “offerors” are entities that lease rail cars in order to ship materials poisonous by inhalation/TIH materials by railroad.

Program Awards: Applicants will be selected through a competitive process based on their ability to deliver protection to underground rail and other high-risk assets, provide counter-terrorism training, or develop security plans and vulnerability assessments.

FRSGP has a 75 percent federal and 25 percent grantee cost share cash- or in-kind match requirement. Vulnerability assessments and security plans are exempt from this cost share requirement.

Intercity Passenger Rail (Amtrak)

Total Funding Available in FY 2010: \$20,000,000

Purpose: The purpose of the FY 2010 IPR program is to create a sustainable, risk-based effort to protect critical surface transportation infrastructure and the traveling public from acts of terrorism, major disasters and other emergencies within the Amtrak rail system.

Eligible Applicants: Amtrak is the only agency eligible to apply for Intercity Passenger Rail program funds.

Port Security Grant Program (PSGP)

Total Funding Available in FY 2010: \$288,000,000

Purpose: The purpose of the FY 2010 PSGP is to create a sustainable, risk-based effort to protect critical port infrastructure from terrorism, particularly attacks using explosives and non-conventional threats that could cause major disruption to commerce. The PSGP provides grant funding to port areas for the protection of critical port infrastructure from terrorism. The PSGP funds are primarily intended to assist ports in enhancing maritime domain awareness; enhancing risk management capabilities to prevent, detect, respond to and recover from attacks involving improvised explosive devices (IEDs), Chemical, Biological, Radiological, Nuclear, Explosive (CBRNE), and other non-conventional weapons; providing training and exercises; and Transportation Worker Identification Credential (TWIC) implementation.

Eligible Applicants: Seven port areas have been selected as Group I (highest risk) and forty-eight port areas have been selected as Group II. Ports not identified in Group I or II are eligible to apply as a Group III or "All Other Port Areas" applicant. There is no designated Ferry appropriation. Ferry Systems in Group I and II can apply through the designated Fiduciary Agent (FA). All other Ferry Systems should apply with the Group III and "All Other Port Areas." "All Other Port Areas" within Group I, II or III are allowed to receive grant funds from their geographically proximate higher group if the project has regional impact across the entire port area, but not from both funding groups for the same project.

Program Awards: Each Group I and Group II port area has been designated a specific amount of money based upon the FY 2010 risk analysis. Group III and "All Other Port Areas" will compete for the funding identified in their corresponding group. Those port areas newly identified as Group I or II will have the option of selecting a Fiduciary Agent (FA) and beginning the FA process, or opting out of the FA process. If opting out of the FA process, individual eligible entities will apply directly to FEMA for funding within the Group they originally resided.

Intercity Bus Security Grant Program (IBSGP)

Total Funding Available in FY 2010: \$11,520,000

Purpose: The purpose of the FY 2010 IBSGP is to provide funding to create a sustainable program for the protection of intercity bus systems and the traveling public from terrorism. The program seeks to assist operators of fixed-route intercity and charter bus services in obtaining the resources required to support security measures such as enhanced planning, facility security upgrades and vehicle and driver protection.

Eligible Applicants: Eligible applicants under the FY 2010 IBSGP are owners and operators of fixed route intercity and charter buses that serve Urban Areas Security

Initiative (UASI) jurisdictions. Charter companies must make a minimum of 50 trips annually to one or more UASI jurisdictions to be eligible. Tier I consists of companies with 250 or more over-the-road buses in operation that provide the highest volume of services to high-risk urban areas. Tier II consists of all other applicants that meet the minimum eligibility requirements.

Program Awards: Bus companies will compete for funds within their designated tiers. Recipients will be selected through a competitive process based on the ratings of the National Review Panel.

IBSGP has a 75 percent federal and 25 percent grantee cost share cash- or in-kind match requirement.
